

A SAMPLING OF SUMMER AND GAP YEAR OPPORTUNITIES FOR PRE-HEALTH AND OTHER STUDENTS

Looking for something to do between graduation and medical, dental, or graduate school? There are many opportunities available ranging in length from summer to one to two years. Some opportunities may be directly related to medicine or healthcare, while others may be a chance to explore another side of working with people, such as teaching or community organizing. You may consider fellowships, internships, research, volunteering, part-time employment, etc. Whether you are looking to improve your candidacy to medical school or experience something new before entering your program or the world of work, there is an opportunity out there for you!

This is **only a sampling** of the many opportunities available. If you wish to explore additional resources or learn more about what to do upon graduation before entering a graduate or professional program, consider scheduling an appointment with a pre-health counselor at The Career Center. You can schedule an appointment by calling 734-764-7460, sending an e-mail to careercenter@umich.edu or requesting one online at <http://www.careercenter.umich.edu/students/counselingandadvising/index.html>. You may also want to explore both the Career Center Connector and the Pre-Professional sections of our website at www.careercenter.umich.edu for additional links and ideas.

INTERNSHIPS

American Cancer Society Internships (8 week rotations available year-round)

The internship program at the American Cancer Society provides an opportunity for people to make a difference as they gain valuable hands-on experience in the non-profit sector and a greater understanding of the Society's mission.
