Our mission: To build an informed student employment community, to maximize students on-campus work experience, and to help students reach their career goals. The Triton Worker is a monthly newsletter that is created by the Student Employment Office to serve the UCSD student worker community.

Due to summer break we will return in the fall! Look out for the next issue of The Triton Worker at the beginning of fall quarter. We hope you have a wonderful summer!

As Employer Concierge I am an liaison between employers and students. I assist employers with general job inquiries, assist in providing a positive candidate experience, process all new hires, and handle all end of quarter tasks.

If you have any questions or need assistance, you can contact me at Alyson.Lee@ucsd.edu or stop by The Student Employment Office. We are here as a resource for YOU.

“Learning from my experience, the beauty of on-campus jobs is the variety. You can apply anywhere, find where you belong, and this can help you figure out your future career path.”

Do you have advice for students or anything else you would like to add?

A: As a graduating student, I learned that you can apply anywhere but for UCSD students, the campus job is the variety. You can apply anywhere, find where you belong, and this can help you figure out your future career path.
