Getting Started | FAQs | Finding a Job

Getting Started with Port Triton

Log in using your UCSD Student PID and the password you created for Port Triton. If you have never logged into Port Triton, your username will be your UCSD Student PID. For example, username: A12345678; password: A12345678.

Upon logging in for the first time, you will be prompted to fill out both your personal and academic profile. (Select “Account” under “My Account”). Complete your profile at any time and check in to update your profile settings.

- **TIP:** Once you have set up your profile, you may not need to update your profile settings. If you do not see a message asking you to update your profile settings, you may not need to do anything else. Port Triton automatically updates profile information to keep your information current.

New to your profile is complete, you can edit your personal statement, education, experience, projects and more in “Documents”.

TIP: You can also do focused searches by "on-campus", "off-campus," "near your location," or "on your campus" to get results related to your major or future career.

Log in using your UCSD Student PID and the password you created for Port Triton. If you have never logged into Port Triton, your username will be your UCSD Student PID. For example, username: A12345678; password: A12345678.
